Subject: SAFEZones document

To: Ruth-Ann Shantz [REDACTED]

Hello Ruth-Ann,

I thought it would be helpful to give you an update re. Canadian Mennonite's interest in the development of the SAFEZone document.

We are not going to pursue the story right now, but may revisit it again in the fall after camp leaders have had a chance to do their staff training for this camp season and actually use the document, and have an opportunity to evaluate its use.

I appreciated your candor on this topic. If you have any other insights that would help us understand the context, feel free to contact me.

Thank you,

--
