Dear PDC Churches, Pastors and Leaders,

Attached is a statement from the PDC Executive Board regarding some of the recent developments concerning our former District Minister, Gary Wall. We would ask that you keep the board in prayer as well as Gary and his family as we navigate this situation together. We will send additional communications to you as we are able.
On behalf of the Executive Board,

Pat Coyle
PDC Moderator

A *Mennonite World Review* article, published December 9, 2019, reported on Gary Wall, former Pacific District Conference Minister. We find it necessary to provide a statement of clarification and want to inform our constituency that we take seriously any and all substantiated allegations of misconduct with PDC ordained and licensed ministers. The PDC Executive Board and PDC Board of Faith and Life are working with the support of the USMB Board of Faith and Life in conducting an ongoing review of this matter. If you have information pertinent to this incident, please contact both Pat Coyle and Harold Ens at pdcpolicy@gmail.com. Please pray with us as we continue to collect the facts and seek wisdom in taking a just course of action.
