CALL TO PRAYER

Recently you received a brief email from the PDC Executive Board regarding an article in the Mennonite World Review followed by a note in the Christian Leader. For some of you that was the first you heard and for others you had been waiting for some response from our district leadership.

Like most of you, the article was my first knowledge of the issue at hand. While you may have wished for more information, details referred to in the article cannot be disclosed because it is currently under review. Therefore, I am inviting you to be in much prayer for our conference leadership, pastors, and family of churches as we walk through this experience together.

I know that Pat Coyle, our District Moderator, is seeking to give his best leadership to this matter. He is returning from a ministry trip to India and will give this his attention once again.

Thank you for your faithful ministry!

Dennis Fast
Interim District Minister
